NEW RADICAL ECONOMY

P053010A

**For students on all programmes in the
DEPARTMENT OF POLITICS**

Summer 2007

Answer THREE of the following TEN questions in Two Hours

1. To what extent do you agree that globalisation can reduce global poverty?
2. Critically examine green localist accounts of capitalism.
3. What is distinctive about autonomist views of the process of globalisation?
4. Do commons regimes provide a means of managing local environments in a sustainable fashion?
5. Why do Greens believe that economic growth is undesirable?
6. To what extent can LETs be seen as an alternative to capitalism?
7. How do Klein and Korten criticise the Washington Consensus?
8. How useful is monetary reform in creating a fairer global economy?
9. Critically evaluate Vandana Shiva's ecofeminist approach to development.
10. To what extent are ecosocialists "red" rather than "green" in their economic approach?
